A health plan you can count on

As an Anthem Blue Cross and Blue Shield member, you will continue to have access to the same doctors and hospitals without disruptions or transition of care issues. Anthem is proud to offer the superior service you have become accustomed to over our years of partnership.

Anthem's goal is to help you feel supported, appreciated, confident, and healthier. Anthem is launching new programs and technology to make sure you receive the most value from your plan.

If you want to keep the same coverage as last year, you don't need to take any action. If you would like to change plans, delete or decline coverage for yourself, add or remove dependents, please fill out the *Enrollment Application and Change Form* on page 19 and mail or deliver it to:

Anthem looks forward to serving you again this year.

What's new for 2021–2022

The City of St. Louis wants this to be the year that health and wellness becomes a part of your everyday life. We're proud to offer the support you need to make the journey easier.

Blue View Vision

You now have access to an expanded network of eye care doctors through Blue View Vision. You have the same coverage as last year, with more in-network options. Your annual routine vision services will continue to be covered at 100%, or subject to your deductible if enrolled in the High Deductible Plan (HDHP) option, when you visit an in-network doctor. With over 36,000 eye doctors at more than 27,000 locations, you're sure to find an eye care professional close to home or work. See page 6 for more information.

Fertility support

If you are having issues becoming pregnant, you can access testing and treatment with a lifetime maximum up to \$15,000 from Anthem, and a separate lifetime maximum of \$15,000 for medications through Express Scripts. Contact Anthem Health Guide at 844-404-2102 and Express Scripts at 866-595-7317 for more information. You can also receive discounts on WINFertility services through [anthem.com](https://www.anthem.com).

\$0 copay for LiveHealth Online

Visit a doctor, psychologist, therapist, or take advantage of the new Healthy Sleep program with no out-of-pocket cost in the High/Low Option plans. The HDHP option offers 10% coinsurance only after the deductible has been satisfied. See page 10 for more information.

Save money on health services with SmartShopper

SmartShopper makes it easier to compare information and costs of common healthcare services you may need. You can even earn rewards when you choose a healthcare provider known for high-quality outcomes. See page 13 for more information.

Better health is right before your eyes

It's true with Blue View VisionSM through Anthem

Do you really need an eye exam if you're seeing just fine? Absolutely.

Eye doctors can detect eye diseases like macular degeneration and glaucoma early on. Often they're the first to find other health problems, such as high blood pressure, high cholesterol, and diabetes, through regular eye exams. That's why Anthem makes eye care easier and more affordable.

What you should do for your eyes

Have your annual vision exam

You have access to annual routine vision services through Blue View Vision benefits through Anthem. If you select an in-network vision provider, **the services will be covered at 100%** under the High/Low Option plans or subject to deductible/co-insurance on the HDHP Option plan.

Covered services include:

- ✓ Determination of refraction
- ✓ Ophthalmological examination including refraction for new and established patients, and
- ✓ A visual functional screening for visual acuity

Additional services such as eye glasses or contact lenses are not covered under your plan.

Plenty of choices

With Blue View Vision, you can find eye care just about anywhere.

More doctors and locations. With over 36,000 eye doctors at more than 27,000 locations, you're sure to find an eye care professional that's close to home or work.

Blue View Vision can help you see better.

Accessing quality care

Blue Access Choice and BlueCard[®]

Accessing your choice of doctors and hospitals

Anthem is pleased to offer you Blue Access Choice, the largest provider network in Missouri, where you can receive the most value for your money with lower copays and out-of-pocket costs. Featuring superior access across the city, state, and nation, the network includes nearly all of the hospitals and doctors in Missouri without the hassle of needing a referral before seeking care.

Anthem's health plans are the flexible choice:

- Anthem does not require referrals for in-network doctors and specialists, including behavioral health providers. Please note that individual specialists may have different referral requirements.
- They use a broad, money-saving provider network.
- They include out-of-network benefits.
- Mental health and substance abuse benefits are available.
- Members have full (100%) coverage for preventive care like well-visits, health screenings, and vaccinations (immunizations).
- Members can receive assistance in selecting providers that can save them money on services, such as lab or imaging tests.

Benefits to go

Blue Access Choice benefits travel with you. The BlueCard[®] Program through the Blue Cross and Blue Shield Association will help you find care when you're traveling throughout the country — or in more than 200 countries and territories worldwide.¹

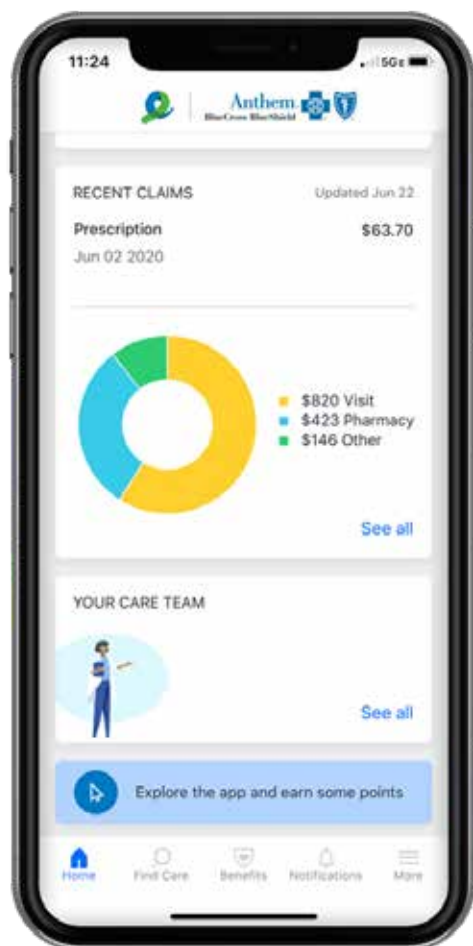

- All you have to do is call BlueCard Customer Service at 800-810-2583 (BLUE) ahead of time for help finding a participating doctor or health center near you.
- Visits to doctors or clinics that are not part of the BlueCard Program will be covered at the lower out-of-network level.
- In emergencies while traveling, you should go to the nearest hospital. Then call us, and your doctor back home, within 24 hours or as soon as possible.

If you have any questions, you can call 844-404-2102 to speak to an Anthem Health Guide for personalized help maximizing your benefits. They can help you understand your Blue Access Choice network coverage or your BlueCard benefits and how to use them. See page 23 for more details about Anthem Health Guide.

LiveHealth Online

Always here for you – any time, any place

Using LiveHealth Online, you can have a visit with a doctor on your smartphone, tablet, or computer.

When you're not feeling well, you want to feel better fast. With LiveHealth Online, you don't need to make an appointment.

A doctor can assess your condition, provide a treatment plan, and even send a prescription to your pharmacy, if it's needed.¹ **City of St. Louis members on the High/Low Option plans have a \$0 copay for LiveHealth Online visits. Members on the HDHP Option plan will only pay 10% coinsurance, after the deductible is met.**

When your own doctor isn't available, use LiveHealth Online if you have:

- Pinkeye
- A cold
- The flu
- A fever
- Allergies
- A sinus infection
- And other non-emergency conditions

Behavioral health support

See a licensed therapist, psychologist, or a psychiatrist from the privacy of your home.¹ You'll receive talk therapy support, and you can see a psychiatrist who can provide medication management support.²

Set up a LiveHealth Online account now, so you're ready when you need to see a doctor.

You can use the Engage app to register for LiveHealth Online.

LiveHealth[®]
O N L I N E

1. Online counseling is not appropriate for all kinds of problems. If you are in crisis or having suicidal thoughts, it's important that you seek help immediately. Please call 1-800-784-2433 (National Suicide Prevention Lifeline) or 911 for help. If your issue is an emergency, call 911 or go to your nearest emergency room. LiveHealth Online does not offer emergency services.

2. Prescriptions determined to be a "controlled substance" (as defined by the Controlled Substances Act under federal law) cannot be prescribed using LiveHealth Online. Psychiatrists on LiveHealth Online will not offer counseling or talk therapy.

To learn more about your coverage, including your rights and obligations, how to obtain medical care, what services are covered and not covered, and what portion of costs you will be required to pay, access your Health Certificate of Coverage at:

<https://www.stlouis-mo.gov/government/departments/personnel/divisions/employee-benefits/documents/anthem-certificate-of-coverage.cfm>.

You can also view the Anthem plan summary documents at:

<https://www.stlouis-mo.gov/government/departments/personnel/divisions/employee-benefits/anthem-summary-of-benefits.cfm>.

Benefit period is based on plan year.

* Family coverage requires the family deductible to be met before coinsurance applies. The single deductible does not apply to family coverage. (HDHP option only). Deductible(s) apply to covered services listed with a percentage (%) coinsurance.

Prescription drug benefits

Managed by Express Scripts®

Prescription drug benefits are managed by Express Scripts. You can receive up to a 30-day supply of covered medications filled at retail pharmacies in the National Pharmacy network. If you currently are taking a maintenance prescription, you can take advantage of Express Scripts Mail Service Pharmacy and receive, at home, up to a 90-day supply of covered medications at a lower copayment than a retail pharmacy. If you have questions about your pharmacy benefits, contact Express Scripts Customer Service at 866-595-7317, or visit [express-scripts.com](https://www.express-scripts.com).

Present your Anthem ID card at a participating pharmacy and your 30-day copayment per prescription is:

	High Option	Low Option	HDHP Option*
Generic prescription	\$10	\$10	\$10 after deductible met
Preferred brand-name prescription	\$25	\$30	\$35 after deductible met
Non-preferred brand-name prescription	\$45	\$60	\$60 after deductible met
Compound drugs	20% coinsurance up to max of \$90 per Rx	20% coinsurance up to max of \$90 per Rx	20% coinsurance up to max of \$90 per Rx after deductible met

Your 90-day copayment for mail order is:**

	High Option	Low Option	HDHP Option*
Generic prescription	\$20	\$20	\$25 after deductible met
Preferred brand-name prescription	\$50	\$60	\$87.50 after deductible met
Non-preferred brand-name prescription	\$90	\$120	\$150 after deductible met

Compound drugs are not available through mail order

Medical and pharmacy deductibles and out-of-pocket maximum amounts are combined.

* Subject to the HDHP option's medical deductible listed on page 16.

** These copayments only are available through mail order. If you receive a 90-day supply at the retail pharmacy, you will pay three-times the 30-day copayment.

Your prescription drug plan includes mandatory generics

This means that if you want a brand-name drug, and a generic equivalent is available, you may still receive the brand-name drug; however, your out-of-pocket cost will be greater. In this instance, you will pay the brand-name copayment plus the difference of the cost between the generic and brand-name drug.

Accredo Pharmacy provides your specialty and specialty injectable prescription benefits

Specialty and injectable drugs:

- 30-day supply limit
- Refills through specialty pharmacy only (mail order)
- Accredo Specialty Pharmacy telephone: 877-222-7336

Your 30-day copayment per specialty prescription is:

	High Option	Low Option	HDHP Option*
Specialty prescription	\$60	\$90	\$90 after deductible met

Specialty medication manufacturers often provide copay assistance for patients prescribed their medication. Through the SaveOnSP program, Express Scripts and Accredo will proactively identify if copay assistance is available for your medication. You will be contacted by SaveOnSP and will pay \$0 for your specialty medication if you are eligible. If your prescription drug is eligible for SaveOnSP, you will receive a series of letters and phone calls from SaveOnSP. It is IMPORTANT that you reply to SaveOnSP to discuss how this program will impact your specialty copay. If you are contacted by SaveOnSP and you do not enroll, you will be responsible for the entire cost of your medication.

Compound drugs

Compound drugs are drugs that are made by mixing ingredients (prescription and/or over-the-counter) together to make a formulation that's not readily available or that may not be approved by the Food and Drug Administration, to suit a particular patient's needs.

- Many compound drugs that have little or no proven clinical value are excluded from coverage.
- Approved compound drugs will require a prior authorization from your doctor.
- Anyone using approved compound drugs will be required to pay 20% coinsurance, up to \$90 per prescription.

Non-covered medications

Certain brand-name medications as well as compound drugs that contain certain ingredients may not be covered under the plan. If you fill a prescription for a non-covered brand-name or compound medication you will be responsible for the full cost of the medication and that cost will not be applied to your out-of-pocket maximum. Talk with your physician about prescribing an alternative covered medication.

Drugs that are excluded under the plan may be covered if approved in advance through a formulary exception process initiated by your physician and managed by Express Scripts, on the basis that the drug is: 1) medically necessary and essential to your health and safety and/or 2) all covered formulary drugs comparable to the excluded drug have been tried.

The 2021 formulary for drugs covered through your plan can be found at

<https://www.stlouis-mo.gov/government/departments/personnel/divisions/employee-benefits/documents/preferred-drug-list-exclusions.cfm>

* Subject to the HDHP option's medical deductible listed on page 16.

NOTICE OF ENROLLMENT RIGHTS									
I understand that if I and/or my dependents, if any, waive coverage and desire to participate in the plan at a later date, I and/or my dependents will have to wait until the next open enrollment period, unless I and/or my dependents have a qualifying event. I further understand that if I decline enrollment for myself or my dependents (including my spouse) because of other health coverage, I may in the future be able to enroll myself or my dependents in this plan, provided that I request enrollment within 31 days after such coverage ends. In addition, if a new dependent relationship forms as a result of marriage, birth, adoption or placement for adoption, I may be able to enroll myself and my dependents provided that I request enrollment within 31 days after such marriage, birth, adoption, or placement for adoption.

Choosing Your Medical Plan

High Option – Highest premium with lowest out-of-pocket costs. **Referrals are not required by Anthem.**

- You will pay a co-pay for most in-network services. Primary Care Physician - \$15; Specialist - \$40; ER - \$500; Urgent Care - \$50; LiveHealth Online - \$0.
- In-network deductible is \$300 single / \$900 family.
- In-network out-of-pocket maximum is \$2,500 single / \$5,000 family.

Low Option – Less premium than High Plan, but higher out-of-pocket costs. **Referrals are not required by Anthem.**

- You will pay a co-pay for most in-network services. Primary Care Physician - \$20; Specialist - \$50; ER - \$500; Urgent Care - \$50; LiveHealth Online - \$0.
- In-network deductible is \$800 single / \$2,400 family.
- In-network out-of-pocket maximum is \$5,000 single / \$10,000 family.

High Deductible Health Plan Option – Lowest premium with highest out of pocket costs. **Referrals are not required by Anthem.**

1. You pay for all expenses until you reach your deductible. In-network deductible is \$3,000 single / \$6,000 family.
In-network out-of-pocket maximum is \$4,000 single / \$6,850 family.
 - You are responsible for all eligible expenses, such as a doctor visit or a prescription. The amount you pay will apply to your deductible.
 - You will pay the full cost of your healthcare expenses until you meet your deductible, with the exception of Preventative Care which is covered at 100% with no deductible.
 - LiveHealth Online visits are available at 10% coinsurance after deductible is met.
2. If you cover anyone other than yourself, you pay the family deductible before the plan pays and out-of-pocket maximum applies.
 - For example, if you have EE+SP or EE+CH coverage, you will be responsible for paying \$6,000 before the plan pays 90%.
3. Once the deductible is paid, the plan will pay 90% of each medical service and you will pay 10%.

Using your health plan

Member ID card and EOB

Understanding your plan specifics

You will receive a new member ID card that reflects your 2021–2022 benefits. Every person on your plan, including you, your spouse, and/or dependents will each receive their own ID card.

Your card has plan information including your member ID, group number, important phone numbers, and websites you may need as you use your benefits. It's important to keep your card with you at all times to make sure your claims are processed correctly without delay.

Here's a look at your new member ID card

Your member ID card is also available for online viewing through the Engage app:

1. On your Apple device, open **App Store**. On your Android device, open **Play Store**.
2. Enter **Engage Wellbeing** into the search bar and select **Download**.

Urgent care without the urgent cost
If it's not an emergency, try an urgent care instead of the ER. It could save you an average of \$500. **UrgentCare Indy** is close by at 7911 N Michigan Rd, Indianapolis, IN 46268, 1-317-960-3278.

Your Explanation of Benefits (EOB)

Anthem's EOBs make it easier for you to know what's been paid by your plan, how much you owe, and where to go with questions. EOBs also include a year-to-date summary so you know how close you are to your deductible and out-of-pocket maximum. They offer custom tips to help you find appropriate sites for care. Each person on your plan, including you, your spouse, and/or dependents will receive their own EOB after receiving medical care. **You will only receive an EOB in the mail if you owe a payment.** All other EOBs will be available electronically only.

You can use the Engage app to check your benefits, view your ID card, and access your EOBs. See page 9 for more details.

Anthem Health Guide

Helping you stay involved in your health

Anthem's concierge customer service program helps you stay involved in your health, access the care that's right for you, and receive the greatest value from your benefits. A live Anthem Health Guide is available to help you 24 hours a day, seven days a week in the Engage app, or by calling 844-404-2102. To access Anthem Health Guide, simply open your **Engage** app, select the **Benefits** tab at the bottom of the screen, scroll down to select **Anthem Health Guide**, and click to **call** or **chat**.

Where technology meets the human touch

Using technology that analyzes Anthem's benefits and claims database, Anthem Health Guides receive alerts when certain keywords are used. This allows Health Guides to provide personalized guidance, tailored specifically to you and your unique situation. Your Health Guide may be able to remind, recommend, or even help you make an appointment for health screenings.

Health guides are able to:

- ✓ Connect you to programs and needed support
- ✓ Assist you 24 hours a day, seven days a week
- ✓ Compare costs and find in-network doctors
- ✓ Spot medical gaps in care, such as routine exams and screenings

You can use the Engage app or call 844-404-2102 to speak to a Health Guide.

Access Anthem Health Guide in Engage

Download the Engage app to access Anthem Health Guide and start using your personalized assistant. **To download the Engage app:**

- 1 On your Apple device, open **App Store**. On your Android device, open **Play Store**.
- 2 Enter **Engage** into the search bar and select **Download**.

Once downloaded, the Engage logo will appear on your device.

Stay on top of your health

Use your preventive care benefits

Regular checkups and exams can help you stay healthy and catch problems early, when they are easier to treat. Anthem's health plans offer all the preventive care services and immunizations below at no cost to you.¹ As long as you use an in-network doctor, pharmacy, or lab, you will not have to pay anything. If you use providers that are not in your plan, you may have out-of-pocket costs.

If you are not sure which services make sense for you, talk to your doctor.

Preventive versus diagnostic care

Preventive care helps protect you from becoming sick. If your doctor recommends services even though you have no symptoms, that is preventive care. Diagnostic care is when you have symptoms and your doctor recommends services to find out what is causing your symptoms.

Adult preventive care

Preventive physical exams, screenings, and tests:

- Alcohol misuse: related screening and behavioral counseling
- Aortic aneurysm screening (for men who have smoked)
- Behavioral counseling to promote a healthy diet
- Blood pressure
- Bone density test to screen for osteoporosis
- Cholesterol and lipid (fat) levels
- Colorectal cancer, including fecal occult blood test, barium enema, flexible sigmoidoscopy, screening colonoscopy and related prep kit, and computed tomography (CT) colonography (as appropriate)²
- Depression screening
- Hepatitis C virus (HCV) for people at high risk for infection, and a one-time screening for adults born between 1945 and 1965
- Type 2 diabetes screening
- Eye chart test for vision
- Hearing screening
- Height, weight, and body mass index (BMI)
- Human immunodeficiency virus (HIV) screening and counseling
- Lung cancer screening for those ages 55 to 80 who have a history of smoking 30 packs per year and still smoke, or quit within the past 15 years
- Obesity-related screening and counseling
- Prostate cancer, including digital rectal exam and prostate-specific antigen (PSA) test
- Sexually transmitted infections screening and counseling
- Tobacco use-related screening and behavioral counseling
- Tuberculosis screening
- Screening and counseling for interpersonal and domestic violence

Women's preventive care:

- Well-woman visits
- Breast cancer, including exam, mammogram, and genetic testing for BRCA1 and BRCA2 when certain criteria are met
- Primary care intervention to promote breastfeeding support, supplies, and counseling³
- Contraceptive (birth control) counseling
- Food and Drug Administration (FDA)-approved contraceptive medical services, including sterilization, provided by a doctor
- Counseling related to chemoprevention for those at high risk for breast cancer
- Counseling related to genetic testing for those with a family history of ovarian or breast cancer
- Human papillomavirus (HPV) screening
- Screening and counseling for interpersonal and domestic violence
- Pregnancy screenings, including gestational diabetes, hepatitis B, asymptomatic bacteriuria, Rh incompatibility, syphilis, HIV, and depression
- Pelvic exam and Pap test, including screening for cervical cancer

Immunizations:

- Diphtheria, tetanus, and pertussis (whooping cough)
- Hepatitis A and hepatitis B
- Human papillomavirus (HPV)
- Influenza (flu)
- Measles, mumps, and rubella (MMR)
- Meningococcal (meningitis)
- Pneumococcal (pneumonia)
- Varicella (chickenpox)
- Zoster (shingles)

Child preventive care

Preventive physical exams, screenings, and tests:

- Behavioral counseling to promote a healthy diet
- Blood pressure
- Cervical dysplasia screening
- Cholesterol and lipid level
- Depression screening
- Development and behavior screening
- Type 2 diabetes screening
- Hearing screening
- Height, weight, and BMI
- Hemoglobin or hematocrit (blood count)
- Lead testing
- Newborn screening
- Screening and counseling for obesity

Immunizations:

- Diphtheria, tetanus, and pertussis (whooping cough)
- Haemophilus influenza type b (Hib)
- Hepatitis A and Hepatitis B
- Human papillomavirus (HPV)
- Influenza (flu)
- Measles, mumps, and rubella (MMR)
- Meningococcal (meningitis)
- Pneumococcal (pneumonia)
- Polio
- Rotavirus
- Varicella (chickenpox)

1. The range of preventive care services covered at no cost share when provided by plan doctors is designed to meet state and federal requirements. The Department of Health and Human Services decided which services to include for full coverage based on U.S. Preventive Services Task Force A and B recommendations, the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC), and certain guidelines for infants, children, adolescents and women supported by Health Resources and Services Administration (HRSA) Guidelines. You may have additional coverage under your insurance policy. To learn more about what your plan covers, see your Certificate of Coverage or call the Member Services number on your ID card.

2. You may be required to obtain preapproval for these services.

3. Breast pumps and supplies must be purchased from plan providers for 100% coverage. We recommend using plan durable medical equipment (DME) suppliers.

The preventive care services listed above are recommendations of the Affordable Care Act (ACA) and therefore are subject to change. They may not be right for every person. Ask your doctor what's right for you.

This sheet is not a contract or policy with Anthem Blue Cross and Blue Shield. If there is any difference between this sheet and the group policy, the provisions of the group policy will rule.

* CDC-recognized Diabetes Prevention programs are available for overweight or obese adults with abnormal blood glucose or who have abnormal CVD risk factors. Please see your combined Evidence of Coverage and Disclosure Form or Certificate for exclusions and limitations.

Frequently asked questions

Are there changes this year?

Yes, there are enhanced benefits and added new programs. See page 5 for a list of enhancements.

Do I need to complete an enrollment/change form this year?

No. If you want to continue to have the same coverage as you have had in the past, you do not need to complete an enrollment form. If you are currently in the High Option plan, you will be automatically enrolled in the High Option plan; if you are in the Low Option plan, you will automatically be enrolled in the Low Option; if you are in the HDHP Option plan, you will automatically be enrolled in the HDHP Option plan. If you want to change, add or drop coverage for yourself, or add or drop dependents, you will need to complete an enrollment form and submit it to the Department of Personnel, Employee Benefits Section, 1114 Market, Suite 700. Faxed or emailed documents are acceptable. Email to, **BenefitsSection@stlouis-mo.gov** or for City Plans fax to, 314-622-4719 or for Police Division Plans fax to 314-589-8110. When faxing or emailing enrollment documents please exclude Social Security numbers.

When will changes for the current enrollment period become effective?

All changes become effective July 1, 2021.
The premiums this year are for 12 months.

Will I receive a new ID card at open enrollment?

Yes, you will receive a new member ID card that reflects your 2021–2022 benefits. Every person on your plan, including you, your spouse, and/or dependents will each receive their own ID card.

Can I add my dependents during the open enrollment period?

Yes, you can add eligible dependents during enrollment period unless they meet specific eligibility guidelines. **You must include Social Security numbers for all covered dependents. You will also need to submit dependent documentation if you are adding a dependent. If you are planning to retire before the next open enrollment period in 2022, you must add your dependent(s) at this time and provide dependent documentation if you wish to have them covered on COBRA or a retiree plan.** Domestic partners are included as dependents if an *Affidavit of Domestic Partnership* has been signed by both partners, notarized, and approved by the Department of Personnel. To access the *Affidavit of Domestic Partnership*, use this link: <https://www.stlouis-mo.gov/government/departments/personnel/divisions/employee-benefits/upload/2020-1202-Dependent-Verification-Requirements.pdf>.

How do I know if my doctor is in Anthem's network?

You can search for in-network doctors, hospitals and other healthcare facilities in the **Engage** app. See page 9 for more information about the Engage app.

Are there changes to the Express Scripts prescription drug plan?

No, there are no changes to the prescription drug plan this year. Information regarding Express Scripts, including the current formulary, is included for your review. The 2021 formulary can be accessed on the City of St. Louis website at <https://www.stlouis-mo.gov/government/departments/personnel/divisions/employee-benefits/documents/preferred-drug-list-exclusions.cfm>.

What is a High Deductible Health Plan (HDHP) and how does it work?

A High Deductible Health Plan (HDHP) is a health benefits plan with lower premiums and higher deductibles. You can use any doctor or hospital and you do not need to choose a primary care physician or receive referrals. Preventive care is covered at 100%, with no deductible. All other services are subject to deductible and coinsurance, and your out-of-pocket expenses will be higher than if you are enrolled in the High or Low Options.

Do I really have to pay the full cost of medical and pharmacy services with the high deductible health plan before I meet the deductible?

Yes. You will pay for all covered healthcare services until you reach your deductible, except in-network preventive care services which are paid at 100% and not subject to deductible.

In the HDHP Option plan, how do the deductible, coinsurance, and maximum out-of-pocket work if my plan covers me and my family?

If you enroll in the HDHP Option plan as member and spouse, member and child(ren), or family coverage, any one person in the family can meet the full family deductible and/or family out-of-pocket maximum. The single deductible does not apply when more than one person is enrolled from a family. Once the deductible is satisfied by one or any combination of members in a family, all medical expenses incurred by your family members will be subject to coinsurance. The coinsurance will apply to all eligible medical expenses until one or any combination of family members has met the total family out-of-pocket amount. Once that has been met, the plan will pay 100% of all qualified medical and prescription drug expenses.

Do I need to choose a primary care physician and obtain a referral to see a specialist in the High, Low, or HDHP Option plan?

No. You have the freedom to use any doctor or hospital without choosing a primary care physician or receiving referrals. Call your Anthem Health Guide for assistance in finding a doctor at 844-404-2102.

Will I have fewer provider choices depending on which plan I select? Is my doctor in the network?

You can see any doctor you want in any of the plan offerings. You save money when you choose doctors (including specialists) and hospitals in the network. These providers have agreed to charge lower rates. If you receive care outside of the Anthem network, you will be covered but it may cost more money. You can use the **Engage** app to search for in-network doctors to meet your needs. See page 9 for more details about the **Engage** app.

How do I add a new baby as a dependent?

Contact Employee Benefits within 31 days of a baby's birth to update your dependent information. Your coverage change will retroactively go back to the baby's date of birth.

Where do I send completed forms?

All completed forms must be sent to the Department of Personnel, Employee Benefits Section, 1114 Market Street, Suite 700, St. Louis, MO 63101. Faxed or emailed documents are acceptable. Email to, **BenefitsSection@stlouis-mo.gov** or for City Plans fax to, 314-622-4719 or for Police Division Plans fax to 314-589-8110. **When faxing or emailing enrollment documents please exclude Social Security numbers.**

Who do I contact if I have questions about my healthcare coverage for the current open enrollment?

Anthem	844-404-2102
Express Scripts	866-595-7317
Accredo	877-222-7336 (specialty drug benefit information)

Can I manage my healthcare on the web?

Yes, Anthem offers a variety of tools and resources to keep you connected to your health plan wherever you are. If you haven't done so already, download the **Engage** app for self-service at your fingertips:

- Check your claim status
- Find a Doctor

Healthcare terminology

Common definitions you may need to know

Healthcare and its terminology can be confusing. This healthcare terminology glossary provides common definitions you may need while using your health plan.

Premium – The periodic amount that Members and the City must pay for the plan.

Covered (cover or coverage) – A service or supply specified in the summary plan description for which benefits will be furnished, subject to the deductible(s) and other requirements for payment by the plan, when rendered by a provider. A charge for a covered service will be considered to have been incurred on the date the service or supply was provided to the member. Eligibility for payment of benefits, including obstetrical benefits without limitations, will be determined by benefit eligibility on the date the service is received.

Copayment – A fixed amount (for example, \$25) members pay for a covered healthcare service, usually when they receive the service. The amount can vary by the type of covered healthcare service and the plan selected. Your copayment counts towards your deductible and out-of-pocket maximum.

Deductible – The amount of money you must pay out of your own pocket, before your plan starts to cover part of your costs (coinsurance).

Coinsurance – Members' share of the costs of a covered healthcare service, calculated as a percentage (for example, 10% for in-network services) of the allowed amount for the service. Your plan starts to cover part of your costs after your deductible is met.

Network – The facilities, providers, and suppliers the plan has contracted with to provide healthcare services.

Qualifying life event – A change in your life — like a new marriage, having a baby, or losing health coverage — that can make you eligible for a Special Enrollment Period, allowing you to enroll in health insurance outside the yearly Open Enrollment Period. There are four basic types of qualifying life events: loss of health coverage such as losing a job; changes in household such as marriage or having a baby; changes in residence such as moving to a different state; other events such as citizenship or income changes.

In-network medical provider – A provider who has a contract with the plan to provide services to members at a discount.

Out-of-network medical provider – No arrangement has been made with a healthcare service provider for cost containment. If the cost of a covered service exceeds the out-of-network rate, the member will be responsible for such excess.

Out-of-pocket maximum – The most members pay during a benefit period before the plan begins to pay 100% of the allowed amount, which includes your deductible and medical and pharmacy copayments. This maximum does not include: (1) members' premium; (2) balance-billed charges; and (3) healthcare services and prescription drugs the plan does not cover.

High Deductible Health Plan (HDHP) – An HDHP is a benefits plan with lower premiums and higher deductibles. You can use any doctor or hospital and you do not need to choose a primary care physician or receive referrals. All services are subject to deductible and coinsurance, except for preventive care services, covered at 100%.

LiveHealth Online is the trade name of Health Management Corporation, a separate company, providing telehealth services on behalf of Anthem Blue Cross and Blue Shield.

The SmartShopper program is provided by Sapphire Digital an independent company. Incentives available for select procedures only. Payments are a taxable form of income. Rewards may be delivered by check or an alternative form of payment. Members with coverage under Medicaid or Medicare are not eligible to receive incentive rewards under the SmartShopper program. Rewards are for select procedures only and reward payments may be taxable.
